# Foreword

This current list of grain dealers and public warehousemen licensed to do business in Montana is made available through the courtesy of the Montana State Department of Agriculture.

May we bring to your attention some of the major responsibilities imposed upon grain dealers and warehousemen by law.

1. Do not operate your grain business unless properly licensed and bonded as provided for by Section 3-228.1 through Section 3-228.7. It is mandatory that you send your bond and application for license early enough to be in effect by July 1, the beginning of the new licensing year.

2. Issue a "warehouse receipt" for each lot of grain received in one day and not paid for. All grain received from one owner during any one day is to be construed as a single lot.

3. Charge the legal rates for services as listed in Section 3-208, R.C.M. 1947.

4. Buy on protein test basis unless the owner waives his right to such test by written "waiver."

5. Do not ship out of state grain covered by warehouse receipt except by approval of the holder of such warehouse receipt as indicated by signed "waiver." (Departmental regulation.) Use only the waiver form approved by the Department of Agriculture, copy of which may be had upon request.

6. Accurate and prompt reports—monthly and annual—are essential to the Department in the proper supervision according to law and are required by Sec. 3-227. We must insist upon receipt of these reports not later than the fifteenth of the following month. Failure to conform to this requirement will jeopardize the Grain Dealer's or Public Warehouseman's standing with the Department.

7. Be sure that forms used comply with the regulation of, and have been approved by, the Department of Agriculture.

8. Sections 3-201, 3-227, and 3-228.1-7 relate to the licensing and bonding of trucks and tractor-trailer units as "Grain Dealers" or "Merchandisers" engaged in the business of buying grain for shipment or milling. Information, in regard to this type of operation, may be secured by writing the Department of Agriculture, Helena, Montana.

GEORGE LACKMAN,
Commissioner of Agriculture
